I printed the template directly on to Sulky sticky Fabri Solvy so all I had to do was stick it to my fabric, hoop up and stitch away...

## A few ideas for stitching...

There are lots of fun ways you could stitch each hexie so use your imagination and see what you can make.

Why not experiment with different types of thread to give a visual comparison for future projects.

Experiment with colour and see what different palettes look like.

Do a sampler of filler, line or isolated stitches to use for future reference.

I chose to use a variety of colours and stitch some of my favourite stitches without any formal pattern so I could just sit and enjoy the process.

Stitches I used are:

Trellis, Chain, Satin, Seed, Star, French Knot, Fly, Buttonhole, Running and back stitch.

Send me some pictures and let me know how you get on and I'll add them on to StitchDoodles Facebook and Instagram so others can be inspired...
